WHITE-LABEL AGENCY PROGRAMME · INTERNATIONAL

Your AI offer, under your brand

A ready-to-sell AI pack you resell to your clients **under your own name**, without hiring. You keep the client relationship; we run the technology behind the scenes, remotely, in English, Spanish, Arabic or French.

THE PROBLEM

Your clients (trades, shops, clinics, SMEs) **miss calls and messages**: during jobs, in the evening, at weekends. Every missed call is a customer lost to a competitor. You bring them traffic, but part of it is lost before it becomes an appointment.

THE PACK, RESOLD UNDER YOUR BRAND

- **WhatsApp assistant**: replies 24/7, qualifies the request and follows up leads.
- **Voice agent**: answers calls, handles FAQs and **books appointments**.
- **Ready-to-sell scripts**: sales pitch, call and message scripts, delivery process.
- **Monthly report** with your logo: calls handled, bookings, recovered enquiries.

YOUR RESALE PRICE
